RAPHAEL

“You can expect great care at Memorial.”

When Raphael told his family he had multiple myeloma, the news was devastating. They turned to Memorial Cancer Institute at Memorial Hospital West – the only hospital in Broward and Palm Beach counties offering lifesaving bone marrow transplant treatment.

Memorial’s highly skilled physicians and the remarkable healthcare team paid attention to his every need – delivering Memorial’s special brand of patient- and family-centered care.

“The nurses are just wonderful, and Dr. Feinstein is one of the finest physicians ever made,” Raphael says.

Now cancer-free, Raphael credits Memorial with giving him the energy – and the time – to enjoy his grandchildren.

“Memorial is a great place,” says Raphael. “I didn’t know there were such nice people in the world.”
